NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We are required by law to maintain the privacy and security of your protected health information (“PHI”) and to provide you with this Notice of Privacy Practices (“Notice”). We must abide by the terms of this Notice, and we must notify you if a breach of your unsecured PHI occurs. We can change the terms of this Notice, and such changes will apply to all information we have about you. The new Notice will be available upon request, in our office, and on our website. The website will always have the most recent version.

Except for the specific purposes set forth below, we will use and disclose your PHI only with your written authorization (“Authorization”). It is your right to revoke such Authorization at any time by giving us written notice of your revocation.

Uses (Inside Practice) and Disclosures (Outside Practice) Relating to Treatment, Payment, or Health Care Operations Do Not Require Your Written Consent. We can use and disclose your PHI without your Authorization for the following reasons:

1. **For your treatment.** We can use and disclose your PHI to treat you, which may include disclosing your PHI to another health care professional. For example, if you are being treated by a physician or a psychiatrist, we can disclose your PHI to him or her to help coordinate your care, although our preference is for you to give us an Authorization to do so.

Reach out. Find hope. Stand up with confidence. Live with a purpose.

2. **To obtain payment for your treatment.** We can use and disclose your PHI to bill and collect payment for the treatment and services provided by us to you. For example, we might send your PHI to your insurance company to get paid for the health care services that we have provided to you, although our preference is for you to give us an Authorization to do so.
3. **For health care operations.** We can use and disclose your PHI for purposes of conducting health care operations pertaining to our practice, including contacting you when necessary. For example, we may need to disclose your PHI to our attorney to obtain advice about complying with applicable laws.

Certain Uses and Disclosures Require Your Authorization.

1. **Psychotherapy Notes.** In general, we will not use or disclose information recorded by a mental health professional to document or analyze conversations with you in therapy, unless you authorize us to do so. However, we can use or disclose such PHI without your authorization for the following purposes: (a) the health professional who recorded the information can use it to treat you; (b) in limited situations, we can use or disclose such PHI in connection with mental health counseling training that occurs at one of our facilities; (c) we can use or disclose your psychotherapy notes to defend against any legal proceeding brought by you; and (d) compliance with law, public health, health oversight or to avoid harm (each as described in this document). Alternatively, you may request that we prepare a summary of your treatment and make a copy available to you. There may be reasonable, cost-based fees involved with copying the record or preparing the summary.
2. **Marketing Purposes.** We will not use or disclose your PHI for marketing purposes. Marketing is defined as receiving financial remuneration for communicating about other businesses' health-related services or products to patients.
3. **Sale of PHI.** We will not sell your PHI in the regular course of our business.

Certain Uses and Disclosures Do Not Require Your Authorization. Subject to certain limitations mandated by law, we can use and disclose your PHI without your Authorization for the following reasons:

1. When disclosure is required by state or federal law, and the use or disclosure complies with and is limited to the relevant requirements of such law.
2. For public health activities, including reporting suspected child, elder, or dependent adult abuse, or preventing or reducing a serious threat to anyone's health or safety.
3. For health oversight activities, including audits and investigations.
4. For judicial and administrative proceedings, including responding to a court or administrative order, although our preference is to obtain an Authorization from you before doing so.
5. For law enforcement purposes, including reporting crimes occurring on my premises.
6. To coroners or medical examiners, when such individuals are performing duties authorized by law.
7. For research purposes, including studying and comparing the mental health of patients who received one form of therapy versus those who received another form of therapy for the same condition.
